

Global Connect 2020

KYOTO 2020

CONNECT

Connect with world leaders from 193 countries, their top justice officials, distinguished criminal justice practitioners, experts from Institutes affiliated with the United Nations along with non-governmental (NGO) counterparts, academics and individual experts from the private sector on this unique global stage. They attend specifically to discover new ways to fight cyber and transnational organized crime, corruption and the trafficking of people, wildlife, weapons, drugs, and weapons.

ACCELERATE

Speaking, providing materials, connecting and exhibiting your next generation expertise and technology will not only attract attention but fast-track your business as a world-leader in this unique environment. We help you navigate the Crime Congress so you can focus on making an impact and showing how you can help countries get ahead of some of the most difficult emerging challenges.

NETWORK

One handshake in Kyoto can launch a new relationship that transform everything—for you and for their country. Spark new conversations. Introduce strategic lines of thought that are obvious to the tech savvy but not necessarily to others. Use lightning talks, ancillary meetings, even professional meetings, conversations over coffee and exhibits to inform, connect and get started putting your business in the hands of any of 193 countries.

CONTRIBUTE

Stepping into the crime prevention and criminal justice space to contribute to global discussions (so often lacking the technologists' insights, knowledge and resources) will 10x your impact. In addition to ad hoc high level discussion, Global Connect will host a high-intensity 1-day Strategy Sprint to prototype how tech leaders can partner with the United Nations on critical and emerging issues in our digital 21st century.

GLOBAL CONNECT @ THE 14TH CRIME CONGRESS

Since 1955, the United Nations' congresses on crime prevention and criminal justice have brought together high-level representatives of governments, intergovernmental and non-governmental organizations, criminal justice professionals and scholars, to identify and discuss critical common concerns, share experiences and seek viable solutions to problems related to crime prevention and criminal justice.

In our tech-leveraged world, thought leaders armed with the latest technologies are urgently needed to spearhead insight and action. Enter **Tech Leaders**: Bringing cutting edge technologies, insights & solutions into the global policy arena.

PREPARATIONS

A customized plan will be made for each organization.

ORIENTATION

Online briefings and Q&A sessions will be prepared to help delegates to make the best use of their time in Kyoto.

THROUGHOUT THE CONGRESS

- Each GC Delegate will have access to veteran advice and connections throughout.
- Relevant introductions will be facilitated to make optimal use of the forum.

SOCIAL OPPORTUNITIES

- Opening Reception
- Private Reception with nations/UNODC Staff/ others identified by GC Delegates as being relevant.
- Closing Reception

CONGRESS DAILY

Each morning there will be a short stand-up meeting about key events for the day, a place to network with your cohort on contacts and experience.

STRATEGY SPRINT

Global Connect will host a 1-day strategy sprint in Kyoto to provide on-site insights and recommendations from tech delegates to Member States & UNODC.

We Help You Stand Out

Market competition today comes from technology hubs beyond Silicon Valley. Getting you access to global markets gives you a strategic edge.

All you have to do is make your travel arrangements, then walk in the door with a solid focus on your message for world leaders. Global Connect takes care of all the logistics and helps you prepare in advance, and works with you to determine the best options for you to impact this unique high-level environment—and land some big fish!
